MT. STERLING, KENTUCKY, WEDNESDAY, JULY 9, 1913.

NUMBER 1

Ernest Richardson Not

Killed as Reported.

Last week we copied a telegraphic report from one of the dailies that Ernest Richardson, formerly of this city, had been killed in Oklahoma.

Mr. Robert Lockridge, his uncle, on Monday called us up over the 'phone and said he had just received a card from him and that he was well and happily situated in Arizona, and that he had never been in Oklahoma. We are more than pleased to make this correction and are sure his many friends in this, his old home town, will be glad to hear that the report was incorrect.

Resigns Position.

Mr. Wm. O'Neal, who has been the efficient Manager of the Olympian Springs Hotel for several seasons has resigned his position. He will be succeeded by Mr. Kriener, of Martinsville, Ind. Mr. O'Neal is a first-class hotel man and a splendid gentleman and has many friends in this city who will regret his leaving the Springs. He has not yet decided where he will locate.

Slayers of Marshal

Pettit Found Guilty.

The jury in the case against George, Richard and Tenney Smothers and Frank Williams, charged with the murder of Marshal A. T. Pettit, of Clay City, found the defendants guilty and fixed the penalty at a life sentence in the penitentiary. The jury was out two hours and twenty minutes.

House Party at Olympian Springs.

Mrs. Gratton Woodson (nee Miss Mary Helvins) entertained the following young ladies with a week end house party at Olympian Springs. Misses Nancy Kathryn Owings, Allee Young, of this city; and Miss Irene Woodson, of Middlesboro.

Card of Thanks.

I desire to express my sincere and heartfelt thanks to my many friends and neighbors for the kindness and sympathy shown me in the loss of my father, W. H. H. Miller. Clay Miller.

Sells Fine Feeders.

Mr. Chas. Hainline sold last week to Mr. R. C. Gatewood, 40 feeding cattle at 7 cents for October delivery. This is one of the best sales reported.

For Sale.

FIREWORKS DISPLAY

Fourth of July Attracts Immense Crowd to Our City

Sane Fourth Observed and Thoroughly Enjoyed by All

The fireworks display at the Fair Grounds under the management of the Montgomery County Fair Association, was witnessed by a large crowd, in fact we believe the largest crowd ever on the grounds for an affair of this kind. Splendid horse, automobile and motor cycle races were enjoyed in the afternoon.

Mr. R. D. Barnes and J. C. Graves were in charge of the celebration for the Fair Company and we are glad to report it was a financial success. The committee succeeded in raising about \$300.00 among the merchants and the gate receipts raised this to a total of about \$1150.00 the expenses were about \$750.00 to \$800.00, leaving a nice profit to the Fair Company which would have stood the loss in case of rain. While the fireworks this year was first-class it was hardly as good as last year.

Card of Thanks.

We desire to express our sincere and heartfelt thanks to our relatives, friends and neighbors for their sympathy and kindness shown us in the death of our beloved mother and wife, Mrs. Jane Douglas. The close of her life was as peaceful and calm as the life she lived.

She is gone, but not forgotten, Never shall her memory fade; Sweetest thoughts shall ever linger, Around the grave where she is laid. The bereaved Husband and Children.

The Five Gaited Saddle Class for \$1,000, at the Montgomery County Fair, Mt. Sterling, Ky., July 23-26 inclusive, will have Rectina, Flying Hawk, Hazel Dawn, Jack Barrymore, Princess V., Mary Yandell Fox, and all the sensational horses in it. Don't fail to see it. Season Tickets \$1.50.

To the Holders of Warehouse Receipts in the 1909 Crop.

We are now ready to issue the stock certificates in the Burley Tobacco Company to all persons who hold warehouse receipts on the 1909 crop of tobacco.

By resolution passed by the District Board of the Burley Tobacco Company on July 2nd, 1913, the Secretary of the Company was instructed to request the holders of warehouse receipts to deliver them to their County Chairman or County Secretary, who will forward the warehouse receipts to the Lexington office, or to mail their warehouse receipts direct to the Secretary of the Company at Lexington, Ky., and the certificate for the amount of stock to which they are entitled will be issued and returned to them. All holders will please give their correct post office address so that it will enable us to return to them their stock certificate without delay.

All banks holding warehouse receipts as collateral will please mail these receipts direct to the Lexington office or to some bank in Lexington and we will issue the stock certificates and return them, together with the receipts to the bank selected in Lexington or by mail to the bank holding same.

Women to Vote in Hancock.

The County Clerk of Hancock county announced that he will provide separate ballots for the women at the coming August primary in order that they may vote for the office of County School Superintendent. So far women will exercise their vote for this office in Fayette, Henderson and Hancock counties. In most of the counties however, it is believed that the county clerks will decline to make the necessary provisions for the women voters, and in this way a test case is expected to be made and carried to the Court of Appeals for a final adjudication of the vexed question whether the school suffrage law extends to the office of School Superintendent. — Louisville Times.

Miss Day's House Party.

Miss Margaret Day, of Winchester, entertained from Thursday until Monday with a delightful house party, the following young ladies being her guests: Misses Virginia Moore, Gladys Pieratt, Dorothy Duncan, Aneta Moore, Emerald Judy, Hazel O'Rear, Marcia Moss and Mae Bell DeLong. On Thursday afternoon Miss Day entertained with an enjoyable lawn party, on Thursday night a delightful dance was given at Scobee's warehouse in compliment to her visitors and on Friday night Miss Day entertained with a River party.

Mother of Mrs. S. S. Pinney Dies in This City Thursday.

Mrs. Fannie Peters Brother died in this city Thursday night, July 3, death being caused by heart trouble. Mrs. Brother was a member of the Christian Church in Owingsville and a lovely Christian lady, whom to know was to love. She is survived by three children, Mrs. S. S. Pinney, of this city, and two sons, Charley and Eugene, of Owingsville, and her husband, Mr. J. M. Brother. The relatives have the deepest sympathy of many friends in their bereavement.

NEW PLAN ENDORSED

At Enthusiastic Meeting of the Business Men's Club

Held Monday Night—Good Roads the Slogan.

The monthly meeting of the Mt. Sterling Business Men's Club held Monday night, was one of the most enthusiastic and at the same time one of the best attended meetings the club has ever had. A number of important matters were considered, including the propositions to improve the Paris and Maysville turnpikes. After a general discussion in which many prominent members took part, the Advocate's pet plan to conduct the county's fiscal affairs by commission, was endorsed by a unanimous vote. Every taxpayer in the county should study the commission plan. It is the new, up-to-date method and should take the place of the old obsolete Fiscal Court, composed of Magistrates. Watch the Advocate for facts and figures, which will appear in each issue between now and the November election. The fight is on and the people must win.

Bonnets in the Ring.

Some of the County Clerks are announcing that they will allow women to vote in the races for County School Superintendent. If this should be generally permitted, we begin to see the finish of the male superintendents. About twenty or more women already hold this office in Kentucky counties, and bonnets are likely to be tossed in the rings by the dozens in case the authorities give the "suffragettes" a clear right of way. — Frankfort State Journal.

Mr. Walter Turner and Miss Mattie Robinson Married.

Mr. Walter V. Turner and Miss Mattie Robinson surprised their many friends by being quietly married last Tuesday night at the home of the bride's parents, Rev. A. H. Hibshman performing the ceremony. Both the bride and groom are well known and are very popular with a host of admiring friends who join us in wishing for them a long life of happiness and prosperity.

Changes in Postal System.

The government has changed the parcels post system so that any kind of postage will now carry packages and it will not be necessary to obtain the special stamps. Parcel post stamps or regular stamps are now good on regular mail but as soon as the supply of parcels post stamps has been exhausted there will be no more made.

New Candidate.

At the earnest solicitation of many friends Mr. Frank P. Boyd, of the Harts neighborhood, decided to be a candidate for Magistrate in the sixth district. This district is normally Republican, but it is believed that with the proper effort a gentleman of Mr. Boyd's standing can be elected.

Report of Candidates Signing the Pledge For a Clean Election.

The following candidates signed and returned the pledge sent them: Rufus Hadden, J. Will Clay, M. J. Goodwin, John F. Richardson, J. H. Blount, Dr. B. M. Manning, Joe. W. Langston, J. T. Barnes, O. W. McCormick. This shows only nine out of twenty, and therefore is not sufficient to make the pledge binding upon those who have signed.

This leaves the matter up to the people of the county, and steps ought to be taken at once to detect and punish every vote buyer in the county. The buyer is worse than the seller and should be prosecuted first. Respectfully,

B. C. HORTON.

Mt. Sterling, Ky., July 7, 1913.

Attacked by Bull.

Mr. Luther Bittinger was attacked by a bull last week leading him from one field to another and narrowly escaped being seriously injured. Mr. Bittinger had a hatchet in his hand and beat the animal in the head with it, but it didn't seem to have any effect, so he threw it away and grabbed the bull by the head and threw him to his knees and made for the gate nearby.

Mr. Bittinger had a very narrow escape and as it was got a bruised head and dislocated thumb and many scratches.

Look at the Map.

The Fiscal Court of Clark county, met Tuesday morning and, upon receiving the report of the Mt. Sterling Business Men's Club that the latter had raised the \$1,500 agreed upon as their share of the cost of making the Paris pike to the Bourbon county line a model road, ordered that the work be started at once. Esquire W. D. Henry, English Anderson and John W. William were selected a committee to have absolute charge of the work. The county and local Business Men's Club will spend \$4,000 repairing the pike. — Paris Kentuckian Citizen.

No, Mt. Sterling is not in Clark county.

Camargo to Have a Band.

A band will be organized at Camargo, Wednesday night, July 16th, under the direction of Mr. C. C. Schooler, former director of the Mt. Sterling Band. This will be the only band in Montgomery county and the Camargo boys should be encouraged.

We serve only Huyler's Chocolate at our fountain. Geiger's Pharmacy.

GOVERNMENT REPORT

On Proposed Road From Mt. Sterling to Maysville.

Government Willing to Bear One-Third of Cost.

The Government expert sent here some weeks ago to view the turnpike from Mt. Sterling to Maysville, proposed to be improved with government aid, has filed his report. Our citizens have also been informed that if the whole route cannot be improved, the government will aid in improving the pike from Mt. Sterling to Sharpburg and it is believed the citizens living along the proposed route will subscribe enough to make the plan a success. The counties of Montgomery and Bath will contribute all they are able out of the funds available for that purpose. It must be borne in mind, however, that the Fiscal Courts cannot go beyond the current year and anticipate future levies.

The report in full is as follows: REPORT ON DESIGNATED POST ROAD IN KENTUCKY.

DESIGNATED ROAD.

The section of road designated in Kentucky under the Postoffice appropriation act of August, 1912, extends from Mt. Sterling on the C. & O. R. R. in Montgomery county, to Maysville on the C. & O. R. R. and on the Ohio River, in Mason county. The road is the old Montgomery - Flemingsburg - Mt. Sterling pike, which has been used probably for more than one hundred years, and which for a great many years maintained as a toll road. It extends from Mt. Sterling, through Judy, through Sharpburg, through Bethel, to Sherburne on the Licking River, thence through Tilton, Flemingsburg, Wedonia and Louisville, to Maysville on the Ohio River. The total length of the road is approximately 49.5 miles, distributed as follows:

Montgomery county, 7.5 miles.
Bath county, 13 miles.
Fleming county, 17 miles.
Mason county, 12 miles.

PRESENT CONDITION.

About fifty years ago this road was reconstructed as a limestone

WORKED LIKE MAGIC.

Red Scaly Eczema Yields to Our Reliable Skin Remedy, Saxo Salve.

A Highland, N. Y., woman writes: Since 1901 I suffered from eczema and my skin was very tender, red and scaly, and I could find no relief until I used Saxo Salve. The first application worked like magic, in less than a week the scales were gone and now the skin is healed and smooth, thanks to Saxo Salve.

In all forms of eczema, and all other crusted or scaly humors and eruptions, Saxo Salve has given astonishingly good results. The great improvement that it makes in the first few days shows plainly that you can place full trust in its curative power.

We have so much confidence in it that we give back your money if you are not satisfied with Saxo Salve.

The Fiscal Government of Jefferson County.

Eight years ago an election was held on the proposition to deprive the Fiscal Court of its business functions, and to have these business affairs of the county of Jefferson put in the hands of a commission of three men, to be selected by the voters of the county at large, and to be taken from three districts.

That was the famous election of 1905, which, after a contest, was set aside. In the excitement of the time, the significance of this vote for a change in the business conduct of the county of Jefferson was lost sight of and no contest was made. The returns showed that Mr. Barth had been elected mayor, and that this proposition had been beaten. Had a contest been made this decision in regard to the county would have been set aside, as was the decision in regard to the mayor. The reform leaders believe—and wisely—that they were not justified in complicating the issues involved in the city election by a contest of the returns upon this proposed change in county affairs. Such a contest would have involved great labor in a new field, and it was not made.

It is now possible for the people once more to vote upon that proposition. If it fails they must wait eight years longer.

The county is given the right, under the constitution, to determine this matter for itself. There is no possibility of securing adequate results from the taxes imposed, save by a change in the whole business conduct of the county of Jefferson. Our taxes are distributed upon an antiquated system, with vast waste and inexcusable results.

Jefferson county ought to have the best system of roads of any county in the country. It has probably the worse of any county of its character and size. It is the system that is at fault. No doubt contractors and politicians, and local and general bosses, take advantage of this condition of affairs, but it would hardly be possible for able and experienced men of business to conduct the affairs of the county of Jefferson, under the present system, with satisfaction either to themselves or to their constituencies.

It is well, therefore, for the people to consider this and take immediate steps to secure for the county of Jefferson, a modern business organization. In this way we can secure two desirable results: A reduction in the tax rate and increased returns for the money expended.—Louisville Post.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness cured by our treatment. Send for circulars to HALL'S CATARRH CURE, 321 First Street, S. E., CINCINNATI, O.

SADDLE HORSE GOSSIP.

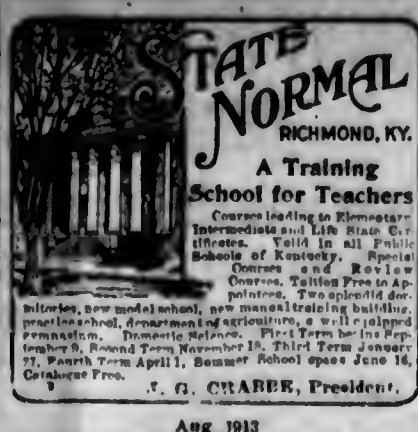

Emerald Ray, the Champion saddle stallion in his class at the Montgomery County Fair in 1912, was shipped Monday to Matt S. Cohen, the "wizard of the saddle" at Lexington, by whom he will be exhibited this season. Emerald Ray is too well known to horse-show followers to demand any laudatory remarks from the writer, and his breeding ranks at the top. This horse has been carefully handled all spring by his owner, Ray Moss, of this county, and goes to his new rider in excellent condition. Mr. Cohen was here Saturday morning and saw Emerald Ray worked and was highly pleased with his manners and his way of going. "Marvelous Mat" is very enthusiastic about the stallion, and says that there is not an aged saddle stallion living that can defeat him in the show ring this year, and "Marvelous Mat" generally knows what he is talking about when he makes a statement like that. Emerald Ray will make his first show at the Montgomery County Fair in July with the Cohen string.

Langhorne Tabb Anderson, of Point Au View Farm, Maysville, has together one of the greatest bunch of show horses in the country headed by the great three-gaited mare, Marie Louise, and the famous harness mare, Brilliant Girl. The latter mare will make her first show this year at Mt. Sterling. Marie Louise has been wonderfully successful in the show ring, and is better than ever this good year of 1913. She has ten blue ties to her credit without a single defeat, and if you fail to see her at the Montgomery County Fair you will miss seeing one of the best in the country.

Kentucky's Selection, Press Ray's candidate for the harness classes this year is said to be far better than she ever was in her life, and this means that all the harness horsemen will know they have been to a show when they meet her. In his gaited department the "Pennyrile Champion" has some of the best ones he ever had in his stable, chief among them being Flying Hawk, the sensational three-year-old. His black mare, Marcotta, will endeavor to take the measure of the three-gaited horses at the old Montgomery County Fair.

When was there ever held a Fair in Kentucky where the following horse show men will meet to compete for the various prizes offered in the gaited and harness classes—Matt. S. Cohen, Allie Jones, William Jones, James P. Beatty, "Buddy" Brock, Langhorne Tabb Anderson, John Feagan, Charles R. Scott, "Billy" Shropshire, Edgar T. Doty, Press Ray, Hugh McElwaine, Robert McCray, William Collins, Elmer Raily, Walter Briggs? They will all be here at the Montgomery County Fair and in addition: Allen S. Edelen, Richard Scudder, Leroy Bonta, W. C. Massie, J. L. Gay & Son, Mrs. R. T. Lowndes, Jr., Speakes Bros., Walter Rice, Leo Cravens, J. E. Williams, R. H. Witherspoon, W. H. Murphy, W. B. Burton, C. S. Williams, Bridges Bros., Ray Moss, N. A. Golden, Kemper Bros., W. F. Saunders, and others. Buy your season tickets and begin making your arrangements to attend.

The stable of Thurman & Peters, of Springfield, Ky., this year which is being prepared for the show rings will contain some of the greatest horses in the country. This stable is being especially fitted for the opening exhibition at the Montgomery County Fair in July, and is headed by the great young saddle mare, Rectina, who will represent this stable in all the five-gaited classes. This mare is a beautiful bay, with queenly bearing and plenty of dash and vim and whose gaits are absolutely perfect. She was sired by that King of saddle horses, Red McDonald, and is out of Ruby Starling, by Rex McDonald, who needs no comment of praise. For

Aug 1913

the harness classes the great chestnut stallion, "His Honor" by Bourbon King, dam Lucy Brown, a producer of winners, will meet all comers as this stable's entry, while for the entry in the three-gaited classes this stable has picked the sensational mare, Golden Blossom, by the perfect horse, Golden King, dam Fashion Dare, by Chester Dare 10. Golden Blossom is considered by expert critics to be the finest mare in the world, and it is said that she goes the gaits in her class like a winner. It is said that Golden Blossom has perfect action in front and more action behind than any horse ever bred in "Old Kaintuck." Casey Jones, by Foss McDonald, will look after the stable's interest in the two-year-old five-gaited class, while Jane Arnold will be the stable's entry in the yearling class. "His Honor" will also represent this stable in the Heavy Harness classes, while there will be two or three other lesser lights in the stable. Taken from top to bottom we doubt if there will be a stronger stable of saddle and harness horses out this year than that of Thurman & Peters.—Blue Grass Journal.

FOR COUNTY JUDGE

C. G. THOMPSON

FOR MAYOR

L. G. HOWARD

THE GUNS UNLIMBERED.

The war upon the Fiscal Court system of county government which the Commercial Club has inaugurated promises to be a right merry one in which shrapnel and canister will be poured into the enemy to the heroic music of the bugles and drums. The fight in behalf of the continuance of the Fiscal Court as distributor of the county funds will be conducted from ambush and with as little of the din of battle as is possible.

The distribution of the county funds has proven a fairly juicy plum. Having to give it up will go against the grain of those who have enjoyed it. The divorce of patronage from politics is always attended by tears shed by the politicians. Theoretically the duties of the Fiscal Court are somewhat onerous and the compensation is rather inadequate. But a body composed of men elected from magisterial districts and having charge of the county funds has opportunities that can be appreciated by anyone who knows practical politics. The loss of those opportunities is not a matter to be lightly and cheerfully considered.

Mr. Atherton and the Commercial Club should win the fight, and must win it. But let nobody hang his shooting irons upon the buck-horns over the door before election time, feeling that the woods are cleared of the savages, for the Indians of petty politics die hard and are very much inclined toward unostentatious efforts to promote their longevity.—Courier Journal.

The season for campaign lies is at hand, so when a candidate, or one of his henchmen, walks up to you, dear reader and tells you "very confidentially" that his opponent has combined with the opponent of some warm friend of yours, in another race, or has joined "some" slate or pool, don't be too credulous. The chances are ten to one that you are being imposed upon.

MANY NEW ATTRACTIONS ARE BOOKED FOR BLUE GRASS FAIR

Opens at Lexington Monday, August 11--Six Big Days and Nights--Best Fair in the Middle West--Liberal's Band and Concert Co.--High Class Vaudeville.

Lexington, Ky.—Since its organization in 1906, the Blue Grass Fair has taken full rank with the largest and the best of the state fairs and expositions of the country. It has very justly become known as the largest horse show in the world. It is the only fair which offers a full quota and a classification for breeding classes of the three great breeds of American horses, as well as show classes, simplified and arranged in a manner which makes their distinction clear. Pitched on a larger and more extensive scale than ever before, with the certainty of increased interest on account of various added features, this year's fair promises to eclipse all previous records.

Numerous additions and improvements have been made in the matter of show rings, and amusements have been secured of a kind and to an extent that justify the belief that the fair will not only prove more valuable than ever to the live stock interests of Kentucky, but also more attractive to those who visit it. In addition to the yearling and yearling divisions of the great Saddle Horse Futurity, three stakes are offered in the show classes for saddle horses.

Attractive Program Each Day. One of the most attractive programs for the week will be on Wednesday, when the classes for standard bred horses will be shown.

In addition to the cash premiums offered, seasons to the leading horses in service are donated by various owners and should attract the attention of the entire horse world.

The fair will open on Monday, Aug. 11, at 2 p. m., when an attractive racing program has been arranged, interesting show rings will be seen, and Liberal's Great Band and Concert company, with some of the best soloists and grand opera singers known to the musical world will be here. Six singers in costume will be heard in front of the grand stand every evening, and there is a great treat in store for the music loving public of the Blue Grass region.

The management of the fair, believing that the public demand a change from the old carnival line, have decided to put on a high class vaudeville show, every act a headliner, six big acts for one admission. A bill as good as can be seen in any high class vaudeville house in the country. An entire change of program and players on Thursday, Aug. 14, two performances daily.

On Tuesday, the 12th, the big mule show, always a most interesting feature of the Blue Grass Fair, will be shown, and Hereford cattle will also be seen.

Various classes for sheep will be judged in the pens, and the poultry

and pigeons will be judged in the poultry house.

Great show rings in other classes, two free attractions, music by the great Liberal's band, will help fill up the day's program.

On Wednesday morning the breeding classes for standard bred horses, as mentioned above, and classes for jack stock, etc., will be shown in front of the grand stand.

Famous Blue Grass Stakes Wednesday. In the afternoon the famous Blue Grass stake for five-gaited saddle horses, which always produces the best seen in the world. This stake always gives a spirited and exciting contest, and brings out a large field.

The yearling division of the saddle horse futurity, which is a renewal of the 1911 show, should prove a great show, including as it does the winners of last year and many others.

Thursday is always a great day and an extra program has been arranged. The forenoon will be taken up with breeding classes for American saddle horses, the prizes for which are particularly rich and desirable and certain to bring about a magnificent show.

The classes for Short Horn cattle, which always produce a show for Short Horns well worth the trip of many miles to those interested in beef cattle, will be shown in front of the grand stand. In the afternoon will be witnessed Junior Championship stake for five-gaited saddle horses and an excellent program for racing, varied show classes for roadsters, three and five-gaited horses and fine harness horses.

Friday morning will be devoted to Jersey cattle, which is always a good show, as the best herds in the state meet here.

In the afternoon Shetland ponies, in addition to racing and a varied program of show classes.

Thoroughbred Saturday.

Saturday is always known as Thoroughbred day, when we see rings which bring together many of the most noted thoroughbred horses from the greatest nurseries in Kentucky.

The afternoon program is one of the most interesting of the entire week, as it includes all championships in which final contests occur between winners of the individual classes during the preceding day of the fair. The rule governing these classes requires all animals eligible to show in these rings, or forfeit money won in the previous shows, and this rule will be strictly adhered to, thereby assuring large fields and affording the public the opportunity of seeing the winners brought together.

The week promises to be not only a gala one in Lexington, but a record breaking one in the history of the Blue Grass Fair.

WONDERFUL PAINTING AT BLUE GRASS FAIR

"The Shadow of the Cross" is on Farewell Tour.

"The Shadow of the Cross," the famous unexplained painting, of Christ, will be one of the special attractions at the fair this year. Many inducements were offered by the fair management before they could secure this famous work of art for the fair this year. Knowing that this will be the last year for public exhibition of the painting they decided that it must be obtained at any cost, so that the patrons of the fair should have a last opportunity to view it before it goes into retirement.

The picture was painted in 1896 by Henry Hammond Ahl, an American artist. Mr. Ahl, desiring to excel in the production of an ideal of the Christ, spent many weary months trying to attain his ideal of the Christ man; he did not succeed and the canvas became a source of worry and vexation to him. A well known lecturer on religious subjects became interested in the artist's work and tried to make him understand his realization of Christ as revealed in a dream. Not long afterwards the artist was impressed with the idea sought after and painted the wonderful countenance seen on the canvas. He sent for the lecturer friend and on entering the studio the lecturer exclaimed, "Now you have painted Christ as I saw him in my dream."

A few nights later Mr. Ahl had occasion to go to his studio and was astonished to find that his painting could be seen in the dark, the Christ appeared to be walking in a pale moonlight, while above and behind the figure was a black cross. His first impression was that the moon was shining through an open window and that the cross was a shadow, but upon closer inspection he found that a strange phenomenon had taken place as he had had no idea of a cross in painting the picture, and he had used only well known pigments.

SADDLE HORSES

Will Be an Important Exhibit at Lexington This Year.

Outstanding in importance among the live stock features of the Blue Grass Fair are the three divisions of the National Saddle Horse Futurities, to be contested at Lexington on Monday, Aug. 11; Tuesday, Aug. 12, and Wednesday, Aug. 13. On Tuesday the division for foals of 1912, and on Wednesday the one for 1911 division.

This stake was inaugurated last year by the Saddle and Horse Show Chronicle, and proved to be the best and most exciting exhibition ever given in any ring at any fair, there being 51 exhibits.

The renewal of 1911 stake for yearlings and inaugural of 1912 futurity under same conditions as last year are already causing widespread interest throughout the country. The approximate value of each is \$1,000, to be divided among the 10 best colts or fillies.

The two rings themselves would make Tuesday and Wednesday the banner days of the fair.

Three other stakes for saddle horses are also provided: One for \$250 for five-gaited saddle horses, three years or under, and one of \$200 for three-gaited saddle horses and under. These stakes are always hotly contested and to every lover of the horse are worth going miles to see.

WOMAN'S DEPARTMENT

Work of Fair Sex to Be Well Represented at Blue Grass Fair.

The Woman's Department of the Blue Grass Fair, to be held at Lexington Aug. 11 to 16, will be more important and extensive this year than ever before. The premium list has been revised, and classes offered cover almost every kind of woman's work and table luxuries. The second floor of the Art hall is given entirely to this department, and is usually one of the most attractive exhibits of the big fair.

On the lower floor the management has arranged with the Canadian Government Exhibit to bring their display of wheat, grain and other agricultural products. This should attract the attention of every farmer in the state, as it is the same display made at big state fairs and expositions.

The following is the order in which the candidates for the primary to be held Saturday, August 2, 1913, will appear on the ballot:

SOCIAL EVENTS.

Mrs. John L. McCormick entertained with a porch party Tuesday afternoon at her beautiful home on High street in honor of Mrs. Stewart McCormick, of Eustis, Fla. Delicious punch, individual ices and cakes were served. About twenty guests enjoyed Mrs. McCormick's hospitality.

The stately home of Mrs. Thos. Barrow was the mecca for society Wednesday afternoon from four to six o'clock when a large number of guests called. Owing to the proximity of Independence Day, the affair was a "Patriotic Tea," which was charmingly suggested from the entrance into the hospitable home whose portals were adorned with the "stars and stripes," to every detail of the interior decorations. American bunting and flags were everywhere in lavish abundance, the beautiful colors so dear to the American heart being carried out even in the blossoms so artistically arranged to mingle with the red, white and blue in the drawing room, library, dining room and central hall. In the receiving line with the charming hostess were her house guests, Mrs. Grover C. Anderson, of Mt. Sterling, and Miss Mary Bush, of Kansas City, and Miss Olivia Anderson, of Mt. Sterling. In the dining room the guests were served from a beautifully appointed tea table with a center piece of red, white and blue sweet peas, streamers of tulle in the same colors extending to the ceiling. Ices and confections in the tricolor carried out the color scheme. Strains of music that stir the heart with patriotism floated out from a screened orchestra and mingled with the merry hum of voices. In the library a bevy of charming girls, Misses Bonnie Gibbons, Florence Ray Evans, Katherine Greene, of Mt. Sterling, and Emily Heizer, of Covington, served frappe from a flower and flagged decked table. Altogether the affair was one of the largest and most beautiful of the season. Assisting the hostess were Madames William Massie, Jack McCord, John Duvall, Thos. Bradley, Cecil Parks, Harry Allan, John Hardwick, William Clark, Joseph Lindsey, and winsome little Misses Dorothy Massie and Lou Barrow Lindsey.—Winchester Democrat.

Public Drawing.

At the County Court room yesterday afternoon, at 2 o'clock, as provided by the state primary law, the candidates with opposition met and drew for places on the ballot, with the result shown elsewhere in this issue. The drawing was conducted in the following manner: all names were placed in a hat and shaken up; Mr. J. W. Chenault drew out the cards one at a time from the hat with his back to same; County Attorney Senff was then handed the cards and announced the result as each card was handed to him; a committee composed of Mess. B. F. Perry, Harry F. Howell and W. A. Samuels, then inspected each card to verify the announcement. The drawing was conducted under the personal direction of County Clerk, Keller Greene, and all candidates readily agreed, when the drawing was over that it had been honestly and properly held.

TROTTER HORSE NEWS.

Trainers at the local track were quite busy this week, and some pretty fair work was done. In the barn of Mr. Curtis the horses are working better and are doing fairly well. The two-year-old J. Forbes is good, and at his last work-out went steady as a clock and has a great burst of speed. Emma Gatewood, the three-year-old, Futurity candidate, went a nice mile in 2:25 and should be very good by the Fair. J. Malcolm Forbes is working slowly. Mr. Curtis being careful with this horse, and he has been a mile in 2:35, absolutely jogging all the way. Mendosa T., the green mare under Mr. Curtis' care is rounding to her speed nicely, and has all the ear-marks of a very fast mare. In fact, the writer thinks she is one of the best prospects he has seen in many days. Neva Todd has been working nicely and has been a mile in 2:25. She seems awful good now, and we think will prove quite a good trotter in her class. Hugh Miller, John McCormick's two-year-old, is being given slow work, his best mile being 2:33, and seems to be quite fast, with plenty of brush. He is good-headed and should make a first-class race prospect this year. All the yearlings in this barn are doing very well. Mr. Curtis set the fast mare, Helen Mack, owned by John Greenwade, down last Tuesday, and in company with Albert O., she stepped a nice mile in 2:18, the last end of it in 1:09. She will be a starter in the 2:25 pace and from her present speed should be able to pace right around 2:14. Take it from us, this mare will be right around the winner in this race. Happy Todd worked very satisfactory for Pete Hensley, and Albert O., did the same thing, going in 2:16, and it is believed by those who have watched him that he can pace this track now better than 2:10. The horses under the care of Mr. VanEvera, are in good shape and the "veteran" is well satisfied with their condition. Lula Watts has very great brush and "Van" is working her slowly preparing to start her in the three-year-old race here. Onyree, the black Ormonde Mure, was a little off this week, but has all her speed and will be ready when the bell taps. In the Hart barn the work done by the horses has proven very satisfactory to their trainer. Tuesday, Frazee Hart gave his gelding, Mac Hart, several miles with a runner, stepping one in 2:28 and doing it nicely. This horse will be a starter in the 2:22 trot and has an excellent chance to get some of the money. The other horses have been given slow work, and the three-year-old in this barn is surely a trotter. In

the Little barn Ben V. Jones has been going slow with his horses, but stepped his Tregantle two-year-old mare the last half of a mile the other day in 1:12 and she was full of trot. He worked his pacing horse, Tommy, a nice mile in 2:22, and gave his three-year-old trotters some slow miles. Both of them are full of speed and will be ready for the races when called upon. His other horses are doing nicely. In the Bean barn Charles Bean gave all his charges some slow slow work, and they are in the pink of condition. He stepped Lucile Brooks a mile in 2:15 Tuesday with the first eighth in 16 seconds and down to the half in 1:06, and she could have finished the mile in 2:12, but this careful driver took her back and let her come home easily. Lucile looks better than she ever has in her life, and bids fair to go a merry clip in July at the Fair. Mr. Bean has turned his two-year-old mare, Nell Tregantle, out for a while and will take her up later. She is a big, growthy mare and just needed a little rest. All of the horses at the track are in a healthy, first-class condition and are doing fine.

John M. Barnes has brought his fast pacer, Orphan Boy, home from Ohio and will rest him up. This colt is one of the fastest pacers living and it is hoped by Mr. Barnes' many friends and the admirers of this fast colt that he will be allowed to start in the free-for-all pace at the Fair here in July, believing that he will give a good account of himself.

From reports received from Ohio, Warren Bacon evidently has one of the fastest trotters in the country in Peter Billiken, 2:14, this record being secured on a half-mile track, trotting around 11 horses and in which he showed two minute speed. Peter Billiken is one of the fastest trotters living, and dead game, and Mr. Bacon has the prospect for the champion stallion trotter. We certainly hope that our old Bourbon county friend will have the wonderful success he deserves and that this winter he will come back home and stay, Kentucky being the best place in the world. —Blue Grass Journal.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength from Wm. S. Lloyd, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles. 41-etc.

Offer Herd of Elk for Kentucky Reservation.

If the Kentucky Legislature at its next session will pass a law protecting elk, the National Government will give a herd of these animals to the State. Quincy Ward, of Paris, State Game Warden, communicated with Senator James to ask him to secure a herd of elk for a reservation near Middlesboro. Mr. James at once asked the proper department, which informed him that the animals will be sent to Kentucky from Yellowstone park next year if the Legislature in the meantime would pass a protective law.

Miss Jessie Wilson to be Bride Next November.

The President and Mrs. Wilson have announced the engagement of their second daughter, Miss Jessie Woodrow Wilson, to Francis Bowers Sayre, of Lancaster, Pa. The wedding is expected to take place next November at the White House.

Mr. Sayre is at present an attorney in the office of the District Attorney in New York. While close friends of both families have known of the engagement for some time, announcement was withheld until recently.

Did you ever realize that the greatest kicker in the world is a jackass? Did it ever dawn on you that this is just as true of THE TWO LEGGED KICKER as of the four legged one?

For example, who could be a more perfect jackass than the man who kicks about his own town?

The ass kicks because he is built that way, and the man kicks because he is built the same way.

The ass usually has something to kick at, but the man often kicks about nothing at all.

Get out of the kicking habit and be a booster.

It pays—pays the individual and pays the community.

Wouldn't you rather live in a GOOD town than a POOR one?

All right, then; help to make your town a good one.

Talk it up, arouse the town spirit, GET EVERYBODY TO BOOSTING.

Anybody can kick, but it takes a good man to boost.

Be a good citizen! Get the habit!

Two Lexington Banks Merge.

One of the biggest bank mergers ever negotiated in Kentucky was consummated Wednesday when an agreement was reached and all of the details arranged whereby the First National Bank and the Lexington City National Bank, two of the leading financial institutions of Lexington, are consolidated under the name of "The First and City National Bank of Lexington."

The merger was approved and ratified at formal meetings of the directors of each bank held Wednesday morning, and became effective July 5.

The new bank will be the largest national bank in Kentucky outside of Louisville, with a capital stock of \$800,000, surplus \$450,000, deposits aggregating \$2,250,000 and assets amounting to \$4,000,000. In addition there will be a substantial distribution of dividends to the stockholders of each institution.

The officers and directors of the consolidated bank number some of the leading financiers, business men and monied citizens of Central Kentucky. The officers who will direct the affairs of the new bank are:

Leonard G. Cox, chairman of the board of directors.

J. W. Stoll, president.

John G. Stoll and J. E. McFarland, vice presidents.

J. W. Porter, cashier.

Garland H. Barr, J. W. McMeekin and Frank C. Bell, assistant cashiers.

Harvest Time.

Rye and wheat fields have ripened wonderfully and the golden grain is looking exceptionally well. From present indications there should be a good yield of both wheat and rye all over Central Kentucky, while the outlook for a good crop of wheat in the west and middle west is much better than anticipated and growers are having trouble in securing good harvest, hands, and this is true, also, in some places in Kentucky. Binders have been running in rye and wheat fields for several days. The oats crop is growing well, the stalks beginning to head nicely and it is believed that there will be quite a good deal of the oats this year. This is an exceptional good feed, and we are at a loss to understand why the Kentucky farmer does not grow more of them.—Blue Grass Journal.

No Separate Ballot for Women In Superintendent Races.

County Clerks have been advised by Assistant Attorney General M. M. Logan, to refuse to provide special ballots for women who wish to vote in the primary for county superintendents unless the circuit or county judge issues an order requiring it.

In the confusion resulting from the failure to secure a decision as to whether or not women are entitled to vote, he said the safest plan is for the clerk to seek the direction of the court.

From the number of inquiries made by clerks, it looks as if a concerned demand has been made on nearly all the clerks for separate ballots.

The Markets.

The cattle market is firm and strong all over the country and big steers are selling at 8 cents right along. In Chicago they are higher, bringing from \$8.35 to \$8.50. There is no doubt of the scarcity of stockers as they are finding a ready sale at 6 1/2 to 7 cts. The hog market is firm and high and good porkers are selling right around the \$9 mark. This market has been steady and strong for many weeks and it is believed by those men in the leading market centers that hogs will reach \$10 by Christmas time. Other stock is selling equally as well and there is little or no reason why the men having stock to sell cannot make good money this year. The only thing to prevent stockmen making money is the fact that they have not the kind nor the quality to dispose of.—Blue Grass Journal.

For Sale Privately.

The Mrs. Mary A. McClure residence and vacant lot adjoining, situated on W. High street in Mt. Sterling, Ky. Both lots have a frontage of 150 feet and a depth of some 300 feet. Will sell as a whole or separately to suit purchaser. The residence is new, equipped with all modern conveniences and is a most desirable home. Apply to Robt. H. Winn or the undersigned.

Meadows of No Account.

Reports from all over Central Kentucky show that meadows are in bad condition, and the yield of timothy will practically be nothing. In most of the fields very little timothy will be gotten, but clover meadows are a little better. The loss of the timothy was caused by the early drouth and from all indications it is believed, that this crop will be much scarcer than for several years. If you have some good timothy hold to it and you will get a good price, as it would surprise no one to see timothy hay reach \$25 and \$30 a ton by the good old winter time.—Blue Grass Journal.

Stop that waste

THE stalks and husks from your corn crop represent just so much life taken out of your soil. If you do not use them for feed and return them to the ground in the form of fertilizer you are getting poorer every year. If your fields and barn yard are littered with stalks and your ground is growing less fertile season after season you need an

INDIANA SILO

It will convert all your corn from the ground level to the tassels, into fresh, succulent feed and it will keep your cattle in prime condition all year round. Best of all—it will pay for itself out of what it saves for you in a single season. There will be another winter before long, with high priced feed and hard work in zero weather. Why not get ready for it by erecting an Indiana Silo before next harvest time.

GOVERNMENT REPORT

Continued from Page 1

pike, and was thereafter maintained as a toll road until about ten years ago. From local reports, it appears that as a toll road the maintenance was unusually satisfactory, and the entire road was kept in uniformly good condition.

The surfacing material is local limestone, which occurs abundantly in the characteristic thinly bedded formation in this locality, and being of a soft variety, provides a material which bonds readily, but under heavy traffic wears out rapidly, producing quantities of disagreeable dust. In Montgomery county, leaving Mt. Sterling, the road varies in width from 20 to 8 feet. Throughout the county the width is generally above 12 feet, but the surface is very uneven, irregular in alignment, more or less filled with chug holes, and in all sections recently repaired, is covered with loose stone that would be classed as No. 1 stone for macadam work. The presence of this large stone used in repairs, defeats its purpose by forcing the traffic to one side or the other, and wherever traffic is forced beyond the limits of the metal surface, the edges are badly raveled and broken down. The depth of stone varies considerably, and probably cannot be considered effective above an average of five or six inches over any considerable length.

NEEDED REPAIRS.

For the purpose of a preliminary estimate as to the probable cost of improving the section in Montgomery county, it is estimated that entire surfacing will have to be placed on 25 per cent. of the length, and resurfacing on 75 per cent.

From Hinkston Bridge, where the road crosses to Bath county to the village of Sharpsburg, the road follows a small stream, which floods after very heavy storms and inundates the road at various points for a mile and a half. The entire distance of three miles between Hinkston Creek and Sharpsburg, including the low section on the bottom lands, will have to be entirely regraded and resurfaced. From Sharpsburg northward to Bethel, the road should be resurfaced over the entire distance for a width of 15 feet. From Bethel to Sherburne, the road continues the approximately 15 feet effective width, and will have to be resurfaced over about 90 per cent. of the distance. The balance will have to be entirely reconstructed.

At Sherburne, the road crosses the Licking River on a substantial wooden lattice bridge, now maintained as a toll bridge. Northward from Sherburne the grade is heavy for a mile and a half, but it is doubtful if any relocation can be attempted with the funds at present in sight, especially because if relocation is undertaken, it should only be done after a careful study, and the new line should be located with a maximum 5 per

cent. grade, and constructed in as permanent a manner as possible. This will require considerable added distance and would cost more than could possibly be allowed from the joint fund for this project. It is therefore contemplated that from Sherburne to Flemingsburg only such slight changes as are imperatively required to straighten the traveled way shall be made, and the entire section resurfaced to the width of 15 feet.

From Flemingsburg to Maysville, the road is in much better condition than to the South, and as far as Wedonia it is recommended that the road be resurfaced. At Wedonia, the road passes into Mason county, and from that point to the North Fork, the road should be resurfaced over 75 per cent. of its length. From North Fork to Maysville, no construction work is contemplated, except trimming the shoulders and clearing the ditches. This section of the road is in much the better condition of any, and is at the present being oiled by the Mason county authorities.

The following bridges and culverts will be necessary in a systematic re-construction of the road, although it is not essential at this time that all be placed:

Montgomery county line to Sharpsburg:

- One 3-foot span
- Four 4-foot spans
- Two 8-foot spans
- One 10-foot span
- One 12-foot span
- One 18-foot span

From Bethel to Sherburne:

- One 4-foot span
- One 12-foot span

From Sherburne to Flemingsburg:

- One 3-foot span
 - Two 4-foot spans
 - Three 6-foot spans
 - One 20-foot span
 - One 24-foot span
- In Mason county:
- One 6-foot span
 - One 10-foot span
 - One 12-foot span
 - One 18-foot span

The work in Mason county will consist in putting slabs on abutments already in place. The abutments are generally coarsed rubble limestone, and in very good condition.

\$12400.00
TOTAL \$110330.00

From the above estimate it will be seen that systematic improvement of road from end to end will be impossible. Further, inasmuch as each county wishes to make a separate contract, there will be a joint fund for each county, and this will, of course, have to be expended within the county. It is obvious, therefore, that the only feasible plan is to place the entire road in as uniform a condition as possible by expending the funds of each county in making needed repairs to those sections which are in the worst condition at the present time. This will provide for the resurfacing of the worst sections in each county and will make it possible to regrade the low section north of Hinkston in Bath county, and to resurface south of Flemingsburg in Fleming county, the sections that are in the worst condition.

STATUS OF FUNDS

The local funds provided for this project are as follows:

| | |
|--|--------|
| Montgomery county, county appropriation | \$2800 |
| Bath county, county appropriation | 3000 |
| Bath county subscriptions | 2200 |
| Fleming county, county appropriation and subscriptions | 6800 |
| Mason county, county appropriation | 3500 |
| Mason county subscriptions | 1300 |

Your inspector went over with the county officials the matter of assembling the funds and placing them in the hands of the trustee, as called for by the uniform contract to be entered into with the various counties, and it is understood that the funds as appropriated and subscribed will be placed in the hands of a local trustee, and will be immediately available on the execution of contracts with the Department of Agriculture.

RURAL ROUTES

Montgomery county; Mt. Sterling No. 3 to Judy Post Office.

From Judy Post Office to Hinkston Bridge there is no rural free delivery, but the local stage line to Sharpsburg carries the mail and distributes it to private

boxes over the entire route to Sharpsburg.

Bath county; Sharpsburg No. 4 comes into the designated road one quarter of a mile south of Sharpsburg, and Sharpsburg No. 2 goes northward from Sharpsburg to South Sherburne via Bethel, but does not cross the toll bridge to Sherburne.

Fleming county; Flemingsburg No. 2 goes southward through Tilton to Sherburne, and is separated from Sharpsburg No. 2 only by the toll bridge. Flemingsburg No. 3 goes northward to Wedonia Post Office at the Mason county line.

Mason county; Maysville No. 3 goes southward from Maysville to the Mt. Gilead road, where it turns eastward. From this point to Wedonia, there is no rural free delivery.

The designated route is traveled by rural free delivery carriers except between Judy and Sharpsburg, and from the Mt. Gilead road to Wedonia, a total distance of 7 miles. Of this, five miles is covered by a star route and stage delivery. The percentage of road covered by rural free delivery is approximately 86 per cent.

SUMMARY

Total approximate length 49.5 miles covered by rural free delivery routes, about 86 per cent; joint fund, \$30,000; counties concerned, four; plans to improve contemplate only the re-construction of the worst sections of the road, as funds will not permit of continuous improvement.

Commissioner's Sittings

MONTGOMERY CIRCUIT COURT

DEE GROVES, Admr. &c. - Plff.
vs. Notice of Commissioner's Sittings.
CHARLES CARRINGTON, &c., - Dfts.

Notice is hereby given that I will begin my sittings in the above styled case at my office, in Mt. Sterling, Ky., on July 24, 1913, and will close the same on August 30, 1913.

All persons having claims against the estate of Santford Carrington, deceased, are hereby notified to present same to me, properly proven, within said date.

JOHN A. JUDY,
Master-Commissioner M. C. C.

CORRESPONDENCE.

PLUM LICK.

(By James Kendall.)

Clay, son of Matt. Ford, of Aarons Run is dangerously ill with typhoid fever.

Died July 4 of Paralysis, John Gilvin, of Sideview.

J. K. Todd, sold a 400-lb heifer to A. J. Pence for \$24.

We had a light rain Saturday night, the first for some time. Everything in the way of vegetation is gradually burning up.

Married Mr. Harlen Doane and Miss Nellie Swope. We congratulate them as worthy people.

Mr. Verner Kindred and Miss Rosa, the popular daughter of Robert Kerns, quietly eloped last Sunday and were married. May their pleasures be many.

The big barn meeting at Sideview conducted by Rev. J. M. Reynolds, of Winchester, closed Sunday night with several additions. Bro. Reynolds is a faithful worker in the Master's vineyard. Bro. Reynolds wishes to thank the people of the community for their good behavior throughout the meeting.

STOORS.

(By B. M. Goodan.)

Preparations are being made to begin threshing wheat this week.

About one third of the corn crop has been "laid by."

Sherman Hamilton has returned from a three weeks' visit to relatives near Owingsville.

Mrs. Ed. Toy has returned home from Paris.

Mrs. Miller McClain and two children, of Minnie, Illinois, are visiting relatives in the county.

Some tobacco will be topped this week. On an average, the crop is making slow progress.

Miss Emma D. Hamilton left

Saturday to visit friends at Owingsville.

Mrs. Thomas Latterfield and Mrs. Lesling visited the family of Wm. Warner at Owingsville Friday and Saturday.

The many friends in this section, of Mrs. James Leach, deeply regretted to learn of her death at Mt. Sterling, Thursday.

Our old friend McCreary told us in 1911 that he wanted Governorship of Kentucky to round up his political career. We don't think there is going to be any serious objection to him "rounding it up" with that.

Mrs. Jas. L. Gregory and children, of North Middletown, visited the family of Thomas Warner, Saturday and Sunday.

Robert Pierce Tipton badly injured one of his limbs Thursday while riding on a wagon, as the wagon was being turned, his limb got caught between the wheel and bed.

Bert Saunders, wife and son, Roy, visited relatives at Little Rock, Saturday and Sunday.

"Harvesting" blackberries is now in progress. The crop is heavier than it has been for many years.

GREED CAUSED SNAKE'S DEATH.

A snake in search of food at East St. Kilda, near Melbourne, Australia, writes our correspondent, came upon a chicken's egg. The snake sucked in the egg, which passed towards the region of his tail in the form of an oval swelling. The snake then raised its head and, perceiving a knot-hole in the wooden henroost wall, inserted its head and the fore part of its body and swallowed a second egg.

On the approach of the owner of the henroost the snake tried to retire, but the second egg would not pass through the knot-hole, and when he tried to advance the egg in his tail equally impeded his progress. Thus "egg-bound" at both ends, the reptile fell a victim to its own greed.
